**Most Positive Accomplishments:**

John's efficient and thorough work to update the District 39 Constitution and Bylaws was a highlight of this administration. This effort brought the constitution back to a standard one. District 39 followed International's recommendation and eliminated the office of the Sr. Lt. Governor.

Along with this, John led the establishment of an official map with verified boundaries. This work involved confirmation with all surrounding Districts, and the official World Headquarters version.

**Those Persons Who's Help Highlighted My Year:**

**Memorable Moments:**

At the Region I Conference in Tumwater, WA, International refused to train Marcia Peters the Sr.Lt.Gov., (D39's second in command), with the other Region I Officers.

Chartering the Diamond Club for District Officers and ATM/DTM officers as an advanced club meeting once a month for dinner.

District 39 entertained Eric Stuhlmüller, 2nd vice president of International after the Oakland Regional. He helped charter the Ponderosa club in Reno.

But the most memorable event was the District elections that were declared invalid by International President Durwood English, and had to be held again in June.
